Scholarly Integrity Remarks:

1) Authors must be ready in the meeting room at least 10 minutes prior to the start of the session. Presenters must introduce themselves to the session chair(s) and upload their Oral and Poster presentations to the computer.

2) Authors must be able to present on any day of the conference – the program cannot be tailored around specific requests from individual authors to present on particular days.

3) The international research conference program is designed for original research contributions and presentations in all research fields. Presentations scheduled in the Oral and Poster sessions are drawn from a selection of the peer reviewed papers from a wide range of scientific and other disciplines of inquiry.
